Not everything can stay the same forever, we need change, as does our village, Grafham. The Parish Council would like you to help them make decisions, and have more say in planning our village.

And so a Village Plan Committee has been formed to consult and document your thoughts and turn them into a plan, setting out how our village should be in the future. For example, if you are fed up of not being able to get anywhere by bus, not even Huntingdon unless it's the third Tuesday of the fourth month and not being able to catch the bus back until a week later, then this is your chance express your opinion about the poor public transport services in Grafham. Or perhaps you are not particularly impressed by the way the post always seems to come three hours late on the day that you need it most and you only have one chance to post your letters each day.

The Committee will be issuing a survey in October for you to have your say. It would be much appreciated if you could spend a few minutes thinking about what you would really like and then completing the survey ready for the collection in November. For more information and if you would like to see the minutes of the Village Plan meetings, then just log on to www.grafhamplan.org.uk. Just a reminder, our village is not just for the mums and dads, not just for the grandmas and granddads, the teenie tots and raving teenagers, it's for everybody. With everybody's thoughts and views, we can all help make Grafham take a huge step forward for the better.
