

Grafham Community Shop needs your help!

Thanks to a great team of volunteers and managers, the Grafham Community shop has been successfully running for about four years, serving visitors and residents alike.

It offers a wide range of products, from your store cupboard essentials, to daily newspapers - not forgetting the fantastic range of **local produce**, including beers, meat, baked goods and gifts.

Having a shop in the village not only means you'll never be without that pint of milk, it can also make property in the village more attractive to buyers, potentially **adding value to your property!** We think it's important to have a shop in the village. We are so lucky to have it, we want to keep it successful.

That's why we need you! A Community Shop is nothing without its community. **Helping is easier than you might think...**

5 easy ways to help your Community Shop

1. Use the shop! More customers mean not only more income to cover our overheads, but also enables us to negotiate better prices with suppliers, which we can pass on!

2. Volunteer to help It doesn't have to be a regular commitment; if you have an hour or two to spare, contact the shop team and offer your help - even if it's only once or twice a year. You don't need any retail experience and anyone over the age of 13 can help.

3. Become a GCS Supporter No time to volunteer in the shop? No problem – why not donate either £5 or £10 a month by standing order and help ensure your village shop is sustained. Email for our bank details. (You could also support the shop by joining the management committee we meet once a month in the evening)

4. Spread the word

Like us on Facebook – Grafham Community Shop - or simply drop us into conversation amongst friends and family

5. Give us your feedback

Are we stocking the right products? Do our opening hours suit you? We want to tailor the shop to your needs so appreciate your opinion.

Please help us continue to make Grafham Community Shop a success
